A LETTER TO YOU....

One of the greatest rewards for us as surgeons is not only partnering with you to fulfill your aesthetic goals, but it is the privilege of getting to know you and being the recipient of your trust. We love to hear about the positive changes in confidence and self-image that so many patients experience and share with us through cards and letters.

With the coming new year, we are excited about staying connected with our patients through beautiful, newly designed websites, newsletters, and Facebook. The websites will feature rotating story boards that will provide you with interesting articles related to plastic surgery and the ACPS surgeons. Through our periodic newsletters, we'll spotlight tips to help you look and feel your best. You'll also get to know our doctors, hear about the latest news at ACPS, and read inspiring patient stories.

We are interested in hearing your input about topics and questions you'd like us to address. You may submit your patient

testimonials anonymously to be considered for publication in future newsletters. If your story is selected to be featured, you will receive a complimentary microdermabrasion or chemical peel skin treatment at ACPS's Added Touch Medical Spa. Please send your thoughts, questions, and stories to Sherri, our ACPS staff writer, editor@mybeautifulbody.com. We look forward to hearing from you and seeing you. All of the surgeons and staff at ACPS send you our warmest wishes for a joyous holiday season and a happy New Year.

Sincerely,

Christopher Patronella, MD, FACS, FICS

Henry Mentz, MD, FACS, FICS

German Newall, MD, FACS, FICS
